Name Three Sponsors for Harvey Aluminum Special

Mickey Thompson Enterprises will join with sportsman Jim Kimberly and Harvey Aluminum as sponsors of one of the three radically new rear engine racers Thompson is completing for the Indianapolis 500-mile, the car builder announced today. The lightweight cars are identical, and each will be powered with a Buick V-8 aluminum engine.

"The entire project has two purposes . . . to prove that a Detroit engine can beat the Offenhausers and that aluminum is the number one metal for all-around automotive performance," said Thompson.

Driver of the blue "Harvey Aluminum Special" is veteran Chuck Daigh. Wheelman for Kimberly's red car and Thompson's white racer are unnamed.

Double Defeat Places SHS Spartans in Cellar

This week left Coach Jerry McIlvaine's Spartans hosting a double defeat in a two-game series against Hawthorne's nine.

Both losses of 7-6 on Tuesday and 8-3 on Thursday extinguished almost any hopes of a comeback from the now familiar cellar standings of one fivory against five losses.

South's first encounter with the Hawthorne nine

almost reversed direction for the hopeful Spartans. Going into the last inning of play the Spartans came up with a home run plugged by returning Bay League Catcher Jim Berry. But with no backing up the inning was quickly damped, ending the game plus any hopes of victory.

Leading in the hitting department for South were Berry with two hits in four trips to the plate, Dick Grossman who also contributed a homer in the sixth inning. Ken Turner, two hits for three at bat and Glen Jones also two for three.

All in all, South led in the hitting department with eight hits, two which were homers. Hawthorne posted five hits.

SECOND SESSION
Going into Thursday's game, McIlvaine decided on pitching ace Ken Turner for the mound job.

KEEP JAY BEASLEY AT YOUR SERVICE

OFFICE OF THE MAYOR CITY OF TORRANCE CALIFORNIA

Dear Friends and Neighbors:

For the past four years I have had the honor of serving as your first elected Mayor. During that time, as well as for the preceding four years as Councilman and Mayor, I have worked toward orderly growth and development of this community. My constant objective has been to maintain and improve the efficiency of our municipal services while holding the line on taxes. Torrance has achieved national recognition as an ideal place to live and as a great industrial center.

I am seeking re-election as your Mayor, realizing that the future will bring new problems and challenges. I believe I am qualified for this important work by my years of experience and a record of constructive legislation. Since 1930 I have been a lawyer in active practice and this legal training has been very helpful in making important decisions on matters before the City Council.

With your cooperation and goodwill, Torrance will go on making big strides forward. Our city could not have become great without the active participation of so many of its residents.

Yours for continued good government, I am Sincerely,

Albert Isen
